Thank you for taking the time to fill out this application. Please provide as much detail as you can in your answers in order for us to match the correct puppy to your needs and lifestyle.

Are you familiar with the Border Collie breed and it's needs and requirements, and natural instincts/behaviour?	
Have you owned a Border Collie before?	
Are you looking for a Performance, Pet or Conformation puppy?	
Do you have a preference for a male/ female puppy? Or does it not matter – Mackland is to match the personality first?	
We expect black/ white puppies, but we may get blue and white. Are you open to a blue/ white puppy?	
Will you spay/ neuter your puppy at around 6 months of age if not sold as a conformation puppy? Please specify if you would rather leave your dog intact to decide at a later stage with Mackland to breed.

Will you take your puppy to puppy socializing classes? If yes, where?	
Performance Pups - Further training: What do you plan to do with your puppy? And what is your main training method?	
Please describe your property, and the areas that the puppy will have access to.	
Where will your puppy sleep?	
Are you aware of crate training? And will you be using this technique with your pup?	
Do you have any other animals in the household? If yes, please describe.	
How many people in the household, and any children?	
How will your puppy be exercised, bearing in mind that exercise is to be limited in the first 12 months?	
Where will your puppy be while you are at work? And how many hours will the puppy be alone a day?	
The puppy will be raised on Hills Puppy before going to its new home. We understand that this is an expense to continue, and understand that not everyone can afford this. What do you plan to feed your pup?
